

Mweu Madiba Ngolia

Objective

Being a part of the web development industry is a career path that I am passionate about due to its potential and opportunities that will expose me to a wide variety of contacts and networks. Moreover, it will equally challenge me to develop, life-long social skills that will build upon my skillset this far.

Experience

December 2019 – April 2020

Warehouse work *Fruktombudet*

My experience at this company involved packing of foodstuffs such as: fruits, milk, coffee, and pastries, into trays on Sundays which would then be delivered the following day to their respective customers.

June 2019 – March 2020

Fruits Delivery *Fruktombudet*

Responsible for delivering fruits and milk to my clients who were different departments within the Karolinska Universitetssjukhuset Huddinge (Huddinge Hospital) and the neighbouring establishments. My major accomplishments included flexibility, problem solving, team player and dedication to service.

June 2019 – August 2019

Cleaner *ICA Birkahallen*

My work involved: general cleaning of the shop, manager's office, kitchen lavatory, sinks, changing rooms and taking the waste disposal to the designated area.
